LinkedIn Profile :- <https://www.linkedin.com/in/chinmayshukla04/>

GitHub Profile :- <https://github.com/ShuklaChinmay>

Skills

Programming: Java, Python, JavaScript

Web: HTML, CSS, React, Node.js

Databases: MySQL

Machine Learning: Pandas, NumPy, Scikit-learn, OpenCV, CNN, MediaPipe

Tools: Git, GitHub, VS Code, IntelliJ, PyCharm, Jupyter Notebook

Soft Skills: Communication, Leadership, Teamwork

EXPERIENCE

EY Hackthon

25 September 2025

- As an intern, I worked on Agentic AI and secured first place at the EY Techathon as part of a team.
- I advanced to the second round, gaining practical experience in designing agentic AI solutions for a banking corporation.

Lernovate Enterprises , Lucknow

July 2025 – August 2025

- Machine Learning Intern Developed and optimized ML models using Python, Pandas, and scikit-learn.
- Improved ML model accuracy by 15% through hyperparameter tuning.
- Evaluated EDA models using accuracy, precision, and recall. Contributed data-driven solutions for business decision-making.
- Designed preprocessing pipelines and performed feature engineering.

Summer Training , IIT Kanpur

June 2024 – July 2024

- Attended a summer training program at IIT Kanpur on "Java Basic to Advanced."
- The program covered Java fundamentals, MySQL database connectivity, Data Structures, Algorithms, and Object-Oriented Programming, with hands-on projects and guest lectures from industry experts.

Job Simulation , Goldman Sachs , JP Morgan

June 2024

- Engaged in a comprehensive Software Engineering job simulation program to refine problem-solving and analytical abilities

Workshop Attendee

13th –15th October 2023

- Techobytes and Technologies, E-cell IIT Kanpur (Machine Learning Workshop, IIT Kanpur E-Summit).
- Attended a workshop on Machine Learning, gaining hands-on experience with key concepts and techniques.

Projects

- AI-Powered Sign Language Interpreter:
 - Detect the Sign language with the help of CNN, Open CV, Media Pipe to translate gesture.
 - Tools & technologies used: Google Collab , Python, OpenCV, MediaPipe, Scikit-learn.

- **Library Management System**
 - The Library Management System (LMS) is a console-based Java application designed to manage library operations efficiently.
 - Connectivity of the Database with the use of JDBC (Java Database Connectivity).
 - Tools & technologies used: Java , JDBC, MySQL.
- **Cat Vs Dog Classification**
 - Developed a CNN-based image classifier to distinguish between cats and dogs using the "Dogs vs. Cats" dataset.
 - Implemented data preprocessing, model building with Keras, and optimization using callbacks for improved accuracy and training efficiency.
- **Tic-Tac-Toe**
 - The aim of this project is to design and implement an engaging and interactive Tic-Tac-Toe game using HTML, CSS, and JavaScript.

Education

Babu Banarasi Das Engineering College , Lucknow

2022-2026

Bachelor of Technology, Computer Science And Engineering (Artificial Intelligence)

Ajmani International School , Lakhimpur-Kheri

Class XIIth : Central Board Of Secondary Education

2021

Percentage - 83.2 %

Class Xth : Central Board Of Secondary Education

2019

Percentage – 86.8%

Additional Skills:

- Quick Learner
- Good Speaker
- Punctual
- Leadership Quality
- Sports Person
- Fluent in English and Hindi
